EDUCATION

University of Miami Frost School of Music — Bachelor of Music in Music Business (GPA 3.8) *Aug. 2014 – May 2018*

- Minors in Guitar & Piano Performance

University of Rochester Eastman School of Music — Private Jazz Piano Study

Aug. 2010 – July 2014

- Trained under Paul Hoffman, Chair of Jazz Piano & Composition, developing high-level musicianship and compositional skills

WORK EXPERIENCE

Musikkii, Inc. — CEO & Founder

Mar. 2025 – Current

- Founded and am building Musikkii, a full-stack web and mobile platform reimagining music education through technology, leading a small team through product, design, and development
- Architecting and developing core product features including an in-app DAW (digital audio workstation), live video conferencing for lessons, structured learning paths, and integrated practice tools
- Designing AI-driven interactivity, including adaptive lesson paths, a real-time AI practice assistant, and agentic workflows for in-app song creation
- Own the platform end-to-end: product vision, full-stack architecture, and hands-on development across frontend, backend, and database layers

Trinity Web Guys, LLC — Full-Stack Developer & Co-Founder

2026 – Current

- Co-founded a web design and development agency delivering affordable, subscription-based websites for small businesses with no upfront cost
- Build, host, and maintain client websites, plus internal business systems driving sales, conversions, and employee workflows
- Develop admin and client-facing applications supporting client onboarding and account management

Outlier — Audio Engineer, Generative AI Training

Nov. 2024 – Mar. 2025

- Analyze and enhance audio clips, correcting plosives, sibilance, distortion, clipping, and background noise
- Apply professional-level audio editing and mixing techniques to generative AI training data

Outlier — Coding Expert, Generative AI Training

Mar. 2024 – Nov. 2024

- Developed clean, optimized code to enhance Large Language Model (LLM) training databases
- Identified and corrected errors in LLM-generated code, maintaining high precision and reliability

Matt Shill Music, LLC — Owner & Instructor

Jan. 2019 – Current

- Founded and independently operate a home-based music education business, teaching 25-50 students across piano, guitar, bass, drums, vocals and composition
- Own full business operations, sustaining and growing the student base over 7+ years
- Specialize in audio engineering, mixing, and mastering for recording, live performances, and DJ services

Warner Music Group — Pop/Rock Marketing Rep & A&R Intern

May 2017 – Dec. 2018

- Promoted and coordinated events for major label artists, developing a keen ear for quality music production and performance that informs my teaching methods today

CERTIFICATIONS

Meta Front-End Developer Professional Certificate • Meta Back-End Developer Professional Certificate • Google UX Design Professional Certificate
